After a short consultation, one of them went up to the old lady just before the opening of the service and wagging his finger at her warningly, whispered, "One too."

Liberal Points to Progress by Dominion Government

MacKinnon Tells Of Housing Plan, Interest Paring

Declaring that the Liberal government had made unprecedented progress economically, industrially and socially during the past three years, particularly in the reduction of interest rates, promotion of home-building and trade expansion, James A. MacKinnon, Liberal M.P. for West Edmonton, reviewed the parliamentary session in an address delivered in the city Monday evening.

Reviews

He stressed particularly the following points of progress in the Liberal government's program:

- 1—Total trade of \$2,000,000,000 for the past fiscal year, and a favorable trade balance for 1937-38 of \$348,000,000.
- 2—Increase in employment.
- 3—Refunding of public debt to save \$100,000,000 a year in interest charges.
- 4—Appropriation this year of \$400,000,000 for work-producing projects.
- 5—A total of \$200,000,000 made available for housing loans.

Mr. MacKinnon's address follows in full:

I have always considered it to be a prime function of any public man, performing legislative duties in a representative capacity, to submit to the people of his constituency, a fair, regular report of the activities and transactions of the government of which he is a member. Especially should this be so, when the government in question relates to the welfare and progress of his own constituency and its citizens. Such is the practice in Great Britain and I think it might be more generally adopted in this country, particularly when one bears in mind the tremendous amount of the national capital from such sections of the nation as ours.

J. A. MacKinnon
Liberal M.P. for West Edmonton, who reviewed the parliamentary session in an address Monday evening.

TEACHERS ASKED TO CO-OPERATE IN SAFETY PLAN

As part of their fall safety campaign, the Junior Chamber of Commerce safety committee is distributing letters to all teachers in the city asking that the following simple safety rules be brought to the attention of all boys and girls of school age:

- 1—Cross the street only at intersections.
- 2—Look up and down before starting across.
- 3—Whenever possible cross the street in groups.
- 4—Never play on the street or dash out into it suddenly.
- 5—If you ride a bicycle use it as it is equipped with reflectors and if you ride at night see that it has lights.
- 6—School-age children will be asked to impress the importance of observing rules of caution on brothers and sisters of pre-school age. N. C. Cook, chairman of the committee reported.

DISEASE CASES IN MORINVILLE TO BE CHECKED

Boy Dies From Polio in City
—New Polio Patient Is Reported

One new case of polio, or infantile paralysis, the patient a 15-month-old baby, quarantined at the home at Laramie and 5th Avenue, in connection with an investigation into origin of several diphtheria cases at Morinville, 25 miles north of here, occupied attention of the provincial health department on Tuesday.

No details of the polio case beyond age of the child and that it was quarantined.

BOY DIES
First diphtheria death in Edmonton in several months, Emilie Mourin, aged four, of Morinville, died on Monday afternoon, it was learned from Dr. G. L. Little, city medical officer of health. The child succumbed to complications which in following the attack of diphtheria. He was the son of Mr. and Mrs. E. D. Mourin of Morinville.

**MAN IS FOUND

OF RETAINING**

William Stogryn Remanded Until 12 Other Charges Are Heard

William Stogryn, a 34-year-old resident, was found guilty of retaining a stolen automobile on Tuesday morning. He was remanded for 12 other charges of retaining stolen property.

REPORT ON SESSION
I had first thought to give this report on this year's session of the Edmonton City Council, but the closing of the House in July, but decided to wait until after the holiday season for an opportune time. As we are shortly commencing in this city a series of meetings to discuss financial matters, I am giving this summary of the session at this time.

HARNESS THEFT
The theft of the harness took place on April 4, 1937. It was traced by Royal Canadian Mounted Police to the Lawlaski farm at Waybrook where inquiries elicited the fact that it had been sold to Mrs. Doris Lawlaski by Stogryn.

CHARGES AGAINST BOY
Charges against both accused of stealing the harness was dismissed by Mr. Justice Ives.

BEAR COAT VALUED AT \$500
A bear coat valued at \$500 by the owner, Louis Conno, 1291 1st St. N. W., was stolen from a clothes line at the above address some time between 8 p.m. and 10 p.m. Monday police report. The coat is described as having brown buttons, and is made of fur.

ON A BUSINESS TRIP
Frank C. Hatfield of Hartford, Conn., vice-president of the Phoenix Life Insurance Company, and J. M. Elliott, of Montreal, Canadian manager of the company, were in the city Tuesday. They are registered at the Macdonald.

ALFRED J. BLOK, Social Credit member of the legislature, for Deer and a member of the Social Credit Bureau, has returned here from Calgary where he was confined to hospital with an infection resulting from the sting of a wasp.

Representative of Alberta, Saskatchewan and Manitoba at the meeting of the Canadian Gunsmoke Breeders' Association which will convene at the Hotel Windsor in Toronto, is Dr. S. W. D. Frith of Edmonton, it was announced Tuesday.

M. L. "Mick" Ryan, veteran north-western trapper and mining man, and Bruce Clarke, former manager of the Hudson's Bay Trading post at Fort Smith, arrived in Edmonton shortly after noon Tuesday with Canadian Airways Pilot Harry Winny.

Vice-president of the Coleman Lamp Company, W. J. Gamble, of Toronto, arrived in Edmonton Tuesday in the course of a regular tour of western Canada. Conditions throughout the west seem to be exceptionally good, he declared. Accompanying Mr. Gamble on his tour are Mr. and Mrs. Frank Buinetti of Glasgow.

Fred Glaser, Edmonton, elected for justice by jury when arraigned Tuesday on a charge of first degree murder, was charged with the slaying of a woman during his trial before former Magistrate A. H. Little, K.C., on a charge of obstructing a public officer in the performance of his duty. He will be in court at the next sessions of the criminal division of the supreme court which opens here on November 31.

The value of a load is \$24, according to estimates of the United States government.

DR. RIDDELL SPEAKS HERE TO MINISTERS

Founder of Alberta College Attends Functions On City Visit

Complimentary luncheon was tendered Dr. W. A. Rid dell, principal of Wesley College, Winnipeg, and founder of the Alberta College here, on Monday, when members of the United Church Ministers' Association met to receive him. Dr. Rid dell, an enthusiastic and a few high lights of his work.

Dr. Rid dell was introduced by Rev. J. P. Berry and spoke mainly of the great opportunity of the "glorious call" of the church. He said that there was to be a meeting for the church, but of the ministers would work together, much as he had accomplished with the few years ago had seemed impossible.

FELLOWSHIP
Other speaker on the program was Dr. Charles Edmond of Saskatoon, president of the Fellowship of the American College of the Ministry and Ministry.

RECEIVES ACARD
Dr. Rid dell received a cordial welcome from the members of the faculty of St. Stephen's college Monday evening at the college. He held the college he had built here 28 years ago, and of Wesley College, Winnipeg to which he had gone in 1917. Among those present were: Dr. and Mrs. J. A. MacKinnon, Dr. and Mrs. A. D. Miller, Miss E. Burkholder, Miss Maria Murray, Dr. and Mrs. F. S. McCall.

THREE POLLING DIVISIONS ARE ADDED IN NORTH

Increase of three polling divisions for the Athabasca constituency by-election of Nov. 7 over the number in the provincial general election of 1935 was announced on Tuesday by officials in charge. In 1935 there were 40 such divisions and on Nov. 7 there will be 43.

OFFICIAL OF PHONE SYSTEM DIES IN CITY

W. F. Kenealey With Government Service Since 1911—Aged 54 Years

In the service of the Alberta Government, Telephones since 1911, William Francis Kenealey of 1233 17th street, died at his home Sunday at the age of 54 years. At the time of his death he was service supervisor in the telephone department, although in his 37 years of association with the telephone company he held the position of local manager at both Medicine Hat and Red Deer.

**POLICE SEEKING
THREE PERSONS
FOR ACCIDENTS**

Three persons sought by Edmonton police in connection with traffic accidents were still unreported Tuesday.

A motorist who knocked down Mrs. A. McKinnon, of Calgary, at 101 street and 102 avenue, Thursday afternoon, is still to be sought. Police traced the owner of license number 102-102, a 1934 Buick, to the owner of the car.

Two cyclists who aided John Alexander McLaughlin, 68, of 10109 19th street, after the aged man struck by a motorcycle at Jasper and 119 street October 1, are being sought by police who want information about the accident.

A longer time is required in August of high altitudes than in low.

Mackinnon Tells Of Housing Plan, Interest Paring

which must be attended to and answered. It was this strain and overwork that brought about the members' serious condition.

Members of the cabinet, who have broken under the load, Postmaster General Elliott has been laid up because of the strain. Mr. T. Dunning collapsed in the commons during the debate and is still under doctor's care, although he has been home from Ottawa since his first return and this news will be warmly welcomed here.

Resignations and deaths have resulted in an unusual number of federal by-elections. In the last total of twenty-one in all parts of Canada. This has provided the Canadian people with the opportunity to pass judgment upon the actions of the Liberal government. Of these 21 by-elections, 10 have been won by the Conservatives. In 16 and 10, Conservatives in 4, while the Liberal government has retained the seat of Edmonton east.

RECORD INTACT

Four more federal by-elections are soon to be held but to date the record-breaking Liberal majority of 113 over all opposition groups combined has remained intact. Here are the results of Liberal administration:

What is the reason for this remarkable demonstration of public opinion? Mr. Mackinnon tells the answer when he points out that the majority of Liberals have brought about a distinct improvement in general conditions throughout the nation. Let us examine the situation briefly.

Government revenue, a good index of general conditions, in the fiscal year 1937-38, was \$1,000,000,000. This is the highest level of any year in our history—\$1,000,000,000. This amount was exceeded by the previous high mark reached in the boom years 1929-30. It represents an increase of \$185,000,000 over the low year 1932-33.

TRADE HIGH

Canada's foreign trade in the past fiscal year was the highest since 1928, aggregating over \$2,000,000,000. Canada's foreign trade of any trade for the year 1937-38 was \$1,888,000,000. This represents an increase of \$185,000,000 over the low year 1932-33.

Canada's aggregate trade in 1937-38 was \$2,000,000,000, the highest in our history.

It is well to remember that the other Canadian political leaders opposing Mr. Mackinnon's program have repeatedly charged that international trade had dried up and would be developed again in our time. This fine showing, \$2,000,000,000, increase, in less than five years, of international financing is all the more noteworthy in view of the disastrous drought in the West. Canada last season and reduced the total Canadian trade in less than half the average year—the smallest, in fact, since the first world war.

RECESSION IN U.S.

On top of that has been the severe business recession in the United States, one of the greatest in our history. The decline in business activity in the United States in the first half of this year was more drastic than in the panic year of 1929.

For the first time since 1929, the volume of employment in Canada has grown with industrial production. In March of 1938 the estimated number of unemployed was lower than in the same month of any year since 1911. To make the situation another way—more Canadians were employed in March of 1938 than in the same month of any year since 1929.

GRAIN TRAFFIC

As a result of the falling off in grain traffic last year as the result of crop failure, operating revenues of the Canadian National Railway increased over \$10,000,000 compared with the previous year.

LOW POLITICAL

For instance, during the past year the federal government has had a saving in interest of \$40,000,000. The government's interest has been reduced by \$40,000,000. The government's interest has been reduced by \$40,000,000.

LOW INTEREST

In the early summer of 1938, the government's interest of \$40,000,000 was reduced by \$40,000,000. The government's interest has been reduced by \$40,000,000.

THE 1938 BUDGET

The 1938 budget presented by Mr. Mackinnon reflects the success which

has crowned the strenuous efforts of the Liberal government to grapple with the tremendous problems which daily face the country in matters of trade, of rural development, of transportation and of industrial expansion. The improvement in the financial position of the country, the figures and facts I have already given you.

In addition, Mr. Mackinnon's announcement of the exemption from sales tax of all major materials entering the country, hardware and structural steel, brought forth unanimous praise in all sections of Canada. This tax reduction, taken in association with the government's financial aid in the matter of national housing, has brought about and should bring about a revival in the construction industry with its almost unlimited opportunities for increasing employment in many lines of enterprise.

Fortunately our own Province of Alberta has not been left behind. It has not been left behind. It has not been left behind. It has not been left behind.

TAX DODGING

There are no tax increases made except in certain classifications where it was found necessary to make certain adjustments.

Much has been heard in certain circles that the government is engaged in a policy of tax dodging. This is a charge which is completely unfounded.

HEAR CHARGES

We are accustomed to hearing charges made of federal discrimination against Alberta. The charges are supported by the facts.
